

Range of products

Sterile Solutions

Standard assortment

Product

The instruments are offered:

- 1) Single sterile
- 2) Non-sterile (clean)
- 3) Part of sets together with other single use instruments.

This catalogue contains the standard instruments. If other instruments are desired, please send us your request.

Our single use instruments are equipped with a green metallic, non-toxic, colour marking. This provides a good distinguish between reusable and single use instruments. Also, our instruments carry the CE logo and the logo for single use.

The instruments are manufactured by an ISO 9001 & ISO13485 certified company and meet the international standards:

BS 5194 Part 1-4
DIN 58298
ISO 7153-1
F899-12

Child and forced labour

Medica Europe BV guarantees that the manufacturer of the instruments is not involved in any form of child and/or forced labour. The manufacturer is in compliance with all applicable regulations and international standards for this purpose and is audited by the CBI, which is part of the Ministry of Foreign Affairs each year. Certificates can be issued.

Quality System

To meet the legal requirements, Medica Europe has a full quality assurance system, based on the Medical Devices Directive (93/042 / EEC). We comply with the law by using the latest standards (ISO and EN standards). Our quality system meets the latest requirements of the EN ISO 13485: 2003.

Delivery time

Please contact Medica Europe BV regarding actual delivery times of the products
